Feb 1 – Feb 28, 2026

WEBSITE TRAFFIC OVERVIEW

February 2026 website performance reflected a slight slowdown but continued strong visitor quality and engagement. New users exceeded 100,000, showing continued success in reaching fresh audiences despite softer overall traffic. Paid media, particularly cross-network and paid social, remained the primary drivers of visits, supplemented by steady organic search activity. **Overall, February demonstrates resilient interest and effective marketing reach, even as external factors such as seasonality and weather tempered total volume.**

SEO ORGANIC SUMMARY

February organic search reflected a mix of softer traffic and much stronger visibility. **Organic sessions reached 20,313** and **users totaled 16,023**, both down slightly year over year, which aligns with February seasonality and the rainy weather during the month. At the same time, total impressions climbed to 4.03M, showing Highway 1 Road Trip content is appearing in search results far more often than it did last year.

ORGANIC TRAFFIC METRICS

Total Clicks	Total Impressions	Average CTR	Average Position
12.2k 2/1/25 - 2/28/25	4.94M 2/1/26 - 2/28/26	0.2% 2/1/26 - 2/28/26	8.8 2/1/26 - 2/28/26
16.2k 2/1/25 - 2/28/25	1.23M 2/1/25 - 2/28/25	1.3% 2/1/25 - 2/28/25	16.6 2/1/25 - 2/28/25

Organic visibility continued to strengthen in February, with **total impressions reaching 4.94M** and **average position improving to 8.8** from 16.6 last year. While clicks were lower year over year, this reflects the broader shift in search behavior, where users are increasingly getting answers directly in Google and AI-generated results. Overall, the data shows Highway 1 Road Trip content is gaining authority and visibility, especially around high-interest things to do content.

PAID MEDIA

Key Insights -Just Coast Wildlife Campaign Jan-Feb 2026

\$112K Spend + \$53.5k LFA

The Wildlife campaign delivered **stronger engagement and click intent despite a tighter and more expensive impression environment**, driven by a shift toward video and evolving Google delivery across Demand Gen and Performance Max.

STRENGTHENED

- Clicks up 3% YoY despite 30% fewer impressions
- CTR up 33% YoY (CPC flat YoY)
- Engagement up +43% YoY, driving CPE 43% lower to \$.16
- Lead efficiency improved with CPL down 18% YoY to \$1.73

PLATFORM SHIFT

- Demand Gen/Video and PMax-heavy rotated emphasis month to month
- Video scaled for awareness while PMax drove conversion activity
- Impression supply remained tight while click intent strengthened - we're getting more audience interaction per dollar

SOFTENED

- New Visitors down 25% YoY
- Key Event conversions slightly down (-5%)
- 4+ Page Visits slightly down (-3%)
- CPM up due to heavier video mix and tighter supply

BOTTOM LINE

- Despite fewer impressions and higher CPMs, the campaign generated stronger engagement, higher click intent, and improved lead efficiency, indicating deeper interaction among the audiences reached.
